The airport is only 27 km with a drive time of about 25 minutes. The villa is distributed over ground and lower ground floors plus a 38m² roof terrace from where you can enjoy sea and mountain views. The main living area is on the ground floor, consisting of a large living/dining room; a good size kitchen/breakfast room with connected utility room, four double bedrooms, two bathrooms, one of which is en-suite to the master bedroom. The master bedroom also has a dressing area. The lower ground floor has a large living/dining/kitchen room with access onto a large garden with a lawn, mature palm trees and a large terrace area with shower facilities. At this level there is also a large room that is currently used as a workshop with a bathroom. The lower ground floor could easily be changed into a two bedroom apartment. Air conditioning throughout the main level and a wood burning stove in the living room.
